

**\$0
COPAY**

2026 SaveOnSP Program

Pay \$0 for Select Specialty Medications

In partnership with Express Scripts, Accredo Specialty Pharmacy and SaveOnSP, LLC

Specialty medications can cost a lot of money. That's why your plan offers a program called SaveOnSP, which can help lower your out-of-pocket costs to \$0. And there's no extra cost to participate.

- No accumulations will be applied to the deductible or Out-of-Pocket Maximum.
- Outside of the program, the normal benefit is often a 25% coinsurance.
- Enrolled clients are seeing plan savings of over \$1,300 per month per script
- Available for High Deductible and Traditional Plans.

Once you've completed the manufacturer copay assistance program's enrollment process and consented to SaveOnSP monitoring your pharmacy account, your responsibility will be reduced.

It's quick and easy. Call **1-800-683-1074** and speak with SaveOnSP.

Enrollment in the SaveOnSP program is voluntary; however, if you elect not to participate, you will be responsible for 100% of the SaveOnSP Specialty copay. This copayment amount will not apply toward your out-of-pocket maximums. Participation may not disqualify an individual from being an eligible individual for HSA purposes. Material contained in this document does not constitute legal or tax advice and should not be construed as such. If you need legal advice upon which you can rely, you must seek a legal opinion from a competent attorney.

The SaveOnSP Drug List is subject to change at any time. The inclusion of a particular specialty prescription drugs within the SaveOnSP Program is subject to SaveOnSP Program design, as well as applicable laws or regulations. Prescription benefit plan terms will take precedence and determine access to all specialty prescription drugs on SaveOnSP Drug List; medical benefit drugs are excluded from the SaveOnSP Program.

2026 SaveOnSP Program

Effective July 1, 2026

The specialty medications included in the copay assistance benefit drug list are specific to your plan's prescription drug benefit and subject to change at any time.
